Trihalism is consuming the world

There is a ghost wandering count- 
ries, societies, and even the halls of 
halls of interest, and that ghost is as old as the dawn of history.

One of the defining characteristics of people around the world, as we try to form 
groups for our own benefit, is that they often could be described as such, we found 
ourselves forming definitions from other, human, for cooperating to see 
many different things. That is why we fought for a common identity, sublimate others, 
and developed characteristics. We tried to give them physical appearance, behaviors, and 
that we called them both. We defined a well-defined language to commu-
ting to the most distinctive feature of a tribe, a unique identifier 
that unites behind a particular set of beliefs.

As more means of transportation 
to see what other tribes were doing, 
resources or entered into conflict. 
Totalitarian states knew very 
and faster nation (a tribe of larger 
the members of that group who 
the Soviet system, Nazism, all 
what they have done so far.

With the advent of the con- 
globalization epitomized by the 
that tribalism was going to go 
Canadian public intellectual Marshall

For the Intelligencer

Illinois to rely more on SAT exam 

Illinois State Board of Education voted 
last week to set a minimum proficiency 
 scores of 480 in both the math and 
reading-and-writing parts of the SAT exam. 
Students who score below that level will have to 
take remedial courses before they can graduate, 
math as indicating a student is ready for college. 
Scores range from 200 to 800 on each 

Environmental friendly
Plant Manager Bruce Murphy, right, presents a donation of $1,000 from Vixia North America to Environmental Educator Alphonse Rhanor for the National Great Rivers Research and Education Center’s annual Water Festival. Vixia North America helps bring the festival to life and supports sustainability in energy, water and waste. The Water Festival connects fifth
