The recent announcement of the July 1st retirement of Assistant U.S. Supreme Court Anthony M. Kennedy has raised questions about a number of issues ranging from reproductive rights to affirmative action. Questions can be expected to coalesce around his departure and the potential appointment of a new justice by President Trump. Let’s face it, a new Supreme Court justice will be of great importance to all of us.

Kennedy served on the Court since 1986 and in the years since then has been instrumental in setting the course for the Supreme Court’s interpretation of the Constitution. He was the author or co-author of many of the Court’s most significant decisions, including those involving affirmative action, the death penalty, and the rights of the indigent.

Multiple threats to the University of Southern California have marked the past year: a travel ban (Trump v. Hawaii), the administration of independent colleges has flown under the radar, and the subsequent effective exclusion of international students (whose number ranges from 250,000 to 300,000 annual new arrivals). This has yet to be brought to the U.S. Supreme Court, and it is one of the many cases that the Court may consider.

The 18 finalists competed at the University of Boston at the end of May. Although this ruling seems intended to make things easier for the University of California, it is not clear to me that this is the right goal. The university is not the only one that wants to collect fines but mediate instead. Those two divisions are both units of the same system and should work together. But yeah, it is extremely talented," she added.

Gabriel also credited his departure and the potential appointment of a new justice by President Trump. Let’s face it, a new Supreme Court justice will be of great importance to all of us.

In addition to a more diverse student body, the University of Southern California also benefited from an increased number of African American, Asian American, and Hispanic students. This helped to improve the overall diversity of the student body, making it more reflective of the diverse population of Los Angeles County.

Alderman Mr. Kennedy’s retirement is a significant moment in the history of American higher education. It is an opportunity for the new justice to bring new perspectives and ideas to the Court. It is also a time when we can reflect on the legacy of Justice Kennedy and the contributions that he made to the Court and to the nation. In his time on the Court, Justice Kennedy has been a voice for a more progressive vision of the Constitution and the law, and his departure will be felt by many as a loss for those who share his views.
